The Telephone and the Directory never part company. Side by side with the means of advertising is the means of making the sale.

"Everybody Relies on The Bell Directory"

DIRECTORY ADVERTISING

Reaches every desirable customer, combining every business-getting feature of successful publicity...

CIRCULATION—QUALITY—PERSISTENCY

THE DIRECTORY has no waste circulation. Every copy goes into the hands of a possible purchaser.

THE DIRECTORY is a fixture in every office and every home of the better class, the constant reference book of everybody.

THE DIRECTORY'S advertisers plow up the dollars in the most profitable field—among those who are able to buy.

THE DIRECTORY is timely. Its advertisements make a direct appeal when the telephone is at hand to place an order.

The Telephone Directory is in constant use by those who represent nine-tenths of the purchasing power of the residents in the Bay Cities. Stop a moment to think what that means.

THE SPINAL CORD is a cable of nerves, beginning at the base of the brain and continuing down through the spinal canal. Thirty-one pairs of nerves branch from the spinal cord, emerging through the openings on each side of the spine. These nerves, with their branches are distributed to every part of the body. They are so numerous that a prick with the finest needle-point will cause pain. If the spinal cord is impinged and the impingement is great enough, it will cause paralysis of the body from that point downward. This proves conclusively that all motor power comes from the brain through the spinal cord; therefore if any of the nerves are impinged, it will interfere with the transmission of vitality to that portion of the body which is supplied by those nerves, the same as pressure on a hose leading to a flower garden would stop or partially stop the flow of water. We know the result—the flowers would wither and die from lack of nourishment. How foolish it would be to amputate the nozzle, or put on a drawing plaster to "draw" the water! That would be treating the effect. The first thing would be to find the pressure and remove that. So it is with the Chiropractor; he ADJUSTS THE CAUSE, and does not treat effects.

IF THERE IS anything wrong with your head, lungs, heart, stomach, liver, kidneys, or any other part of the body, you may be sure that it is a lack of life current going to those parts, due to a pressure on the nerves at the point where they exit from the spinal cord.
It is a scientific fact that 95 per cent of all inco-ordinations in the human body are caused by nerve pressure.
Constant practice makes perfect. An operator becomes skillful after years of practice.
Dr. W. H. Jordan is a graduate of several recognized Chiropractic Colleges and has a Certificate issued by the State Board of Medical Examiners, and the endorsements of many of the best citizens of Oakland, who have become satisfied patients.

Chiropractic adjustments will remove the cause of disease.
Investigation will convince the most skeptical.

Chiropractic

ALAMEDA COUNTY CHIROPRACTORS' ASSOCIATION
(INCORPORATED)

See List of Chiropractors endorsed by the Association.

By referring to the above illustration you will see near the lower end a magnified illustration of a normal and an impinged nerve. Fig. 1 shows a nerve in perfect health, performing its function as nature intended. Fig. 2 shows a nerve impinged, and the flow of vital energy obstructed. Fig. 3 shows vertebra out of alignment (subluxated).

EXPLANATORY

The brain is that wonderful organ which we intuitively recognize as the seat of all our power. We all understand that in some strange way, which has become so common to us as not to seem strange, that our sight, our hearing, our feeling and all of the other powers come from the brain. However, the question HOW this is accomplished rarely presents itself to us. Of course, we would all readily answer so far as the eye is concerned, by the optic nerve; but it presents a more difficult problem when we take the case, for instance, of a sensation in the stomach. In cases so remote from the brain, we immediately fall back upon the theory and to accusing the stomach of some wrong on its part, and do not assign the sensation in that locality to its true origin, because we have not been so educated. Yet we understand in an indefinite roundabout way, that every sensation in our entire body is an emanation from the brain. If this were not true, a wound would be painless.

When we begin to examine that wonderful extension of brain substance from the brain itself, called NERVE trunks, we find that they are composed of millions of small threads, called nerve filaments, and that they extend to every atom of the entire body and control every function of the body; that is to say, they control circulation, assimilation, seeing, hearing, smelling, tasting, feeling, heat and all the phenomena of the human organism.

It will be quite readily seen therefore that when these nerves are all in normal operation, every function of the entire body must be normal, and that any derangement of the nerves will equally derange the function which they, in normal condition, produce.

The brain covers itself by a number of bones which we call the skull, and the spinal cord is encased in a canal composed of twenty-four bones, named vertebrae. Between each pair of vertebrae is an opening through which a trunk nerve emanates. (See Cut.) When a vertebra of the spine, by any cause, is changed in its relation to another vertebra, the nerve that lies between will be pinched, and abnormal function, or "disease," is produced at the end of that nerve, or at the end of the filaments of that nerve.

THE CHIROPRACTIC WAY

A Chiropractor ADJUSTS the vertebrae into normal position, turns on the nerve supply and nature restores the body to a state of health.

Because you have no pain in your back is no sign the vertebrae of your spine are in perfect order. If a nerve leading to your liver is pinched, where it emits from the spine, the "disease" will be in the liver and not in the back. This is true of all the organs and tissues of the body.

Chiropractic is purely a mechanical science and has nothing whatever to do with medicine or prescribing or treating or massage or manipulation of the muscles. When the vertebrae are put in place, and the impinged nerves released, the cause of "disease" or abnormal function is removed.

CHIROPRACTIC-*Why Wait?*

DR. STILES says the usual plan is to try Chiropractic Adjustments after everything else has failed. Would it not save unnecessary expense and suffering if you tried Chiropractic Adjustments first as Chiropractic is

The Master Key That Unlocks the Door of Health

Remember Dr. Stiles is the only licensed resident graduate in Oakland from The Palmer School.

Remember The Palmer School is rightly styled The Fountain-Head of the Science as it was founded and charted by Dr. D. D. Palmer, who discovered Chiropractic in 1895.

A Palmer Graduate uses no adjuncts such as baths, electricity, hammers, mallets, etc., but adjusts with the bare hands.

Don't forget that Dr. Stiles is centrally located in the Syndicate Building where he has been for the past six years.

DR. STILES has a complete X-Ray Laboratory for spinographic work.

"Why Don't We Use Telephone Directory Advertising?"

"It's just as much a part of our job to get the business that comes over the telephone as the business that comes over the counter.

"And there's one good, logical way to go after telephone business—by advertising in the Telephone Directory."

You advertising men who are responsible for keeping that line on the sales chart climbing—you can't afford to overlook the telephone shopper in your selling plans when there's one good way to reach her economically.

The Telephone Directory will effectively present your message to a constantly growing audience of buyers.

Consider Your Case

You are in business to make money.
If some one should show you how you could increase the volume of your business at small cost would you not get busy and try it out?
Our long distance lines are used daily by firms that are conducting successfull selling campaigns.
Did you ever try selling goods by telephone?
It might pay you to give this a thought and see if it would not work out in your case.
Why not arrange a selling campaign by Bell Telephone?
Let us help make your season a success.

Your choice of the following Classes of Laundry Service by the most approved processes with the best appliances at

VERIBEST LAUNDRY

Office: 526 BROADWAY
Tel. OAKLAND 1917

(1) **FULLY FINISHED**—Laundered, starched and finished in accordance with the best practice. Hose darned, buttons put on, rips and tears sewed up—all without extra charge.
(2) **ROUGH DRY**—Articles starched as appropriate. Flat pieces, including handkerchiefs, ironed, others returned rough dry.
(3) **SEMI FINISH**—Every piece of flat work and wearing apparel ironed as well as a calender can do it, but without starch. A limited service at a reduced rate.
(4) **DRY WASH**—Every piece thoroughly washed and fully dried. Flat work ironed.
(5) **WET WASH**—Every piece thoroughly washed and rinsed, and returned slightly damp.
(6) **WET WASH SPECIAL**—Wet wash, with table cloths, sheets and spreads ironed.

Advantages of Veribest Service

- Abundant, soft, filtered water used for washing.
- White labor only employed in all departments.
- Prompt motor delivery service, by courteous routemen.
- Calls by telephone or post given satisfying attention.
- Prices quoted and sample lists furnished on request.

I WANT DIFFICULT CASES

Eye-strain, headaches, dull, aching, itching, smarting, watering eyes, blurred vision, floating specks, apparently stupid children, incorrigible children, CROSS-EYES, insomnia, neurasthenia, irritability, depression, dizzy spells, impaired memory, and other nervous derangements, THAT DO NOT YIELD TO ORTICIANS' OR OCULISTS' METHODS OF TREATMENT. If you have not been relieved of your symptoms, or your glasses do not give perfect satisfaction, call on me. I treat the eye as a part of the nervous system—not as mere organs of sight—and correct many nervous disturbances, by equalizing the distribution of nerve force.

I USE NO DRUGS OR DROPS TO EXAMINE THE EYES. By my method it is unnecessary to change your glasses every two to four years. Hours 10 a. m. to 4 p. m Telephone FRANKLIN 5086

You, Mr. Store-Keeper

Do you enlarge your neighborhood?

Do you go after orders by telephone?

Do you find out what your customers want by wire, or do you send an order taker and then deliver the goods?

A great deal of selling is now done over the telephone.

Is your telephone earning all you think it can?

Today, and every day, is the time to sell by telephone.
